2009 saw an exodus of members and friends from Preston. On the 21st February, 22 of our members etc departed for a fortnight in Benalmadena, Spain where they stayed at Hotel Riviera. They had good accommodation and food but the weather was mixed. In fact it had been the worst winter for 50 years. I hope it was nothing our group was blamed for.

On 2nd March, a party of 18 left for a 5 day all inclusive holiday to Torquay where they stayed at the Trecarn Hotel at Babbacombe. The weather was very nice, in fact the only rain they saw was on Tuesday afternoon which later resulted in heavy snow falls around the Exeter area but we missed it. It did however give us wonderful scenery as we travelled over Dartmoor and the surrounding countryside.
